

Dog Nutrition Guidelines

Feeding Your Best Friend

Proper nutrition is the foundation of your dog's health and happiness.

Life Stage Nutrition:

Puppy (0-12 months): 3-4 meals daily

Adult (1-7 years): 2 meals daily

Senior (7+ years): 2 smaller meals

Essential Nutrients:

- Proteins: 18% minimum for adults
- Fats: 5% minimum for adults
- Carbohydrates: For energy and fiber

Foods to Avoid:

- Chocolate, grapes, onions
- Xylitol, avocado, cooked bones

Signs of Good Nutrition:

- Shiny coat, clear eyes
- Good energy, healthy weight
